### **EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

2. The application has been amended as follows:

Claims 6, 11 and 12 have been canceled as directed to a non-elected invention.

The election has been treated as without traverse. See office action mailed June 1, 2006.

*End of Amendment.*

### REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: None of the prior art references of record, singly or combined, teach or suggest a composition comprising a sorbent impregnated with a fragrance component wherein the release of the fragrance is triggered primarily when the sorbent absorbs volatile substance(s). The means to control fragrance release of prior art references normally by encapsulating the fragrance or by mechanical means (such as touching the pad that contains the fragrance). However, none teaches a release function that is triggered by absorbing volatile substances.

The affidavit filed September 1, 2006 shows that the fragrance is not vaporizable under ambient condition but is released when volatile substance is absorbed by the sorbent. The product taught by the JP'171 patent (JP 60018171A) releases fragrance at a constant rate over time regardless whether a volatile substance is present or absorbed by the sorbent in the product.

2. Process claims have not been rejoined to the allowed product claims because they do not include all limitations of the allowable product claims. MPEP § 821.04(b).

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

4. References are cited as art of interest.
